Take control of your color printing costs

Business color printing customized to fit your needs

Finally, a solution that revolutionizes the way you pay for color printing.

- + Are you reluctant to switch to color due to high prices? Kyocera technology puts you in control by defining your color usage levels, based on your documents, so that you only pay for the color you use.
- + Kyocera's tailored solution ensures that you get the best results for your business, offering consistent and professional output for a lower price.
- + Management tools like Kyocera's Fleet Services and Net Manager as well as several third-party applications can provide accurate tracking and management of your color usage.

Efficiency meets simplicity.

Works seamlessly with Kyocera color MFPs and printers, offering excellent color within your budget.

Print impactful documents with a splash of color or vibrant full coverage to get your message across at a lower cost per page, based on tiered billing.

Reduce the cost of your color printing by evaluating whether you are printing a simple text document with a color company logo or a full color document.
